**CLIPS** - for heater/ventilation control cables as used on SMITHS units. AH, MG, and  
many others. Reproductions are made using the correct thickness (15 gauge  
steel) punched and formed using new tooling. Supplied cad. plated - silvertone  
finish. MGA and "Big" Healeys use 3 M138 and 1 M139 clips.

**M-138**

**M-139 \$2.75ea. /\$10.00 for 4 kit.**

(note-M138 Clip used to fix cables at box, control switch and external ducts.  
M139 Clip used to fix cable at water valve.)

**STAINLESS STEEL CLAMPS for EXHAUST PIPES**

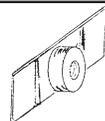

- Extremely strong and durable our clamps are made to  
duplicate the original British style steel units which were  
designed for low clearance vehicles, etc. We were careful  
to get the blank sizes and forming tooling correct in order  
to provide a tight strong fit. S.S. screw with steel lock nut  
included. (We have been unable to find a reliable supply  
of S.S. lock nuts.) **Measure the O.D. of the pipe and  
choose from 7 sizes - 1-3/8", 1-1/2", 1-5/8" - \$6.00ea.**  
**1-3/4", 1-7/8", 2", 2-1/8" - \$6.75.**

**Part No. M150**  
(Please State Size)

**M132 NUT PLATE - for fastening of fenders to body**

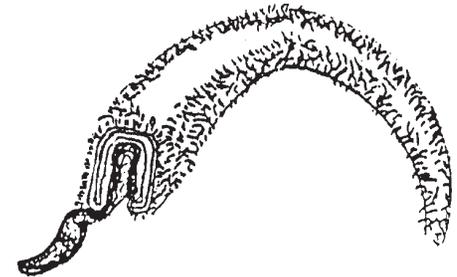

(also for MGB) 5/16-24 threaded barrel on rectangular plate as  
orig. MGA uses 46. **\$1.60 ea. (10 for \$15.00)**

## DOOR SEAL for MGA VEHICLES\* MGA OWNERS

The seal assembly is produced as original and features a specially formed galvanized  
steel "skeleton" channel covered with a cotton backed plush wool material. The steel channel is  
made in house with a new progressive tool on one of our presses. The material has been dyed to  
match the original colors by the mill house  
that manufactures the material for us. New  
tooling was made to produce the properly  
shaped soft neoprene rubber extrusion which  
is attached to the covered channel with the  
original style spring steel clips. We are proud  
to say that with the exception of the clips all  
components are made in the **U.S.A.** The clips  
are made in **Britain** with original tooling.

**OUR SEAL IS NOT AVAILABLE FROM  
ANYONE ELSE and as far as we know no  
one else is producing the correct seal! The  
seal is fully assembled and guaranteed to fit  
a properly prepared surface as detailed in  
the instructions.**

Available in **BLACK** (coal) **RED** (rust) **TAN** (biscuit) **DARK RED** (scarlet) **GREY** (dove)  
and **DARK BLUE**

**P75A - Roadster (per set of two) - \$149.00**
