FASTENER SPECIAL—Loads of new fittings to complete your British car restoration requirements. Most of these "specials" are available on a limited basis.

FS001 BRASS & FIBRE WASHERS for float bowl to carb body...positioning these washers between the dished steel washer and bottom rubber bush will create a better seal against potential fuel leaks.
 6 pc. kit services two carbs. **\$3.00**

FS002 NARROW GAUGE SPLIT TYPE LOCKING WASHERS available in 1/4" 5/16" and 3/8" sizes. This style lock washer (smaller O.D. than standard) was used on British cars under many applications.
12¢ each—specify size. (7/16" size also available **15¢ ea.**)

FS003 EXTERNAL STAR TOOTH LOCKING WASHERS available in 5/16" and 7/16" sizes. Applications include MGA front caliper (5/16" sizes and Austin Healey suspension. **20¢ each—specify size.**

FS004 NUT & LOCKING WASHER KIT to service rear brake shoe metal "stop" to brake plate. Kit includes four 5/16" BSF nuts and four washers.
 Services two stops. \$1.75 each.

FS005 HEX HEAD CAP SCREWS to service oil pan to block. 9/16" length screws are typical of type used on most "A" and "B" series engines. MGA uses 19. available in stainless steel and carbon steel.
S.S.—60¢ each. Steel grade 5—40¢ each. Set of 19 deduct 10%

FS032 LOCK WASHER for FS005 screw. Large O.D. internal star tooth as original.
20¢ each \$3.40 for 19

FS 006 CHROMED SCREW with locking washer—turn signal handle to switch... correct thread. MGA and MGT series cars. **\$1.10 each.**

FS010 SCREW SET—accel. and choke adjustment. Slotted "cheese" head style screws are correct for many cars including MGA, AH, etc. 3 pc. kit does not include springs. Steel, plated. **\$1.75 per kit**

FS011 HEX NUT—2 BA thread. Steel, plated. **25¢ each.**

FS013 SLOTTED OVAL HD. MACHINE SCREW—1/4-28 X 1" thread / length
 Head diameter is undersize. As used to hold side attachment bracket to MGA hard top...4 per vehicle. Steel, nickel plated. **75¢ each.**

CHROMED "FINISHING" SCREWS—special undersize phillips hd. sheet metal screws used to fasten a variety of chrome sundries on British vehicles, etc. All sizes available in 5/8" length only.

FS015	#6 with #4 head	17¢ each	STANDARD SIZE HEADS
FS016	#8 with #6 head	17¢ each	ALSO AVAILABLE
FS017	#10 with #8 head	20¢ each	specify

AH003 SPIRE NUT...for A.H. 3000 and early TR cars. Used for the fastening of misc. brackets...window mech. BMC No. 53K3039.
 (accepts #10 screw) **90¢ each.**

FS008 10-32 thread Pan hd. POZIDRIV machine screws now available in several lengths. POZIDRIV (which at first glance looks like a Phillips drive) is an 8 pt. drive. BMC began using this style head beginning sometime in the early 60's. It was not unusual to have a mix of Pozidriv and Phillips on the same vehicle as the new style drive screw was being phased into production. CSR is now supplying a common thread size: 10-32 (3/16" shank) as used in great quantities on MG, Austin Healey, etc. Produced in steel with a cadmium-plain silvertone finish. 5 lengths 3/8", 1/2", 5/8", 3/4", and 1" are currently available with other lengths to be available in near future—
 inquire.

22¢ each
20¢ qty 25 or more
17¢ qty 50 or more
15¢ qty 100 or more

(lengths can be combined to meet qty. discount.... at least 15 of a length must be ordered however.)

SP-20 INFORMATION AND TECHNICAL GUIDE FOR MGA OWNERS by Todd Clarke. This 55+ page spiral bound booklet contains all of that hard-to-find information not found in factory manuals and "history" books. This booklet is designed to answer many of the questions put to me over the years by my customers who are doing extensive restorations. Diagrams and text detail the proper/factory way of assembling components of your vehicle. The routing of the wiring harness is explained, for example. Information concerning many of the parts CSR produces is also included (individual information sheets will still be supplied when parts are purchased). Booklet includes information concerning hex bolts, grommets, body repair, wiring harness, seat belt, seat frames, plus much more! A must for those of you doing frame-up restorations!
\$25.00 each.

F134 #10-32 X 5/8" Self Tapping, Indented Hex Head Screw. Typical of many Smiths heater boxes. Plated steel. **25¢ each**

N.O.S. Lucas COIL WIRE ACORN NUT. #408120. **\$1.10 each**

SP-25 MOUNTING KIT for radio tuner/amp. units—Radiomobile, Motorola, others. Exacting reproductions for all of the brackets and hardware needed to properly mount/stabilize the tuner unit behind the instrument panel. Kit includes instructions. **\$26.00 for kit.**

P-80 "DASH" MATERIAL for MGA Mk. II cars. As original—Black PVC film material with proper style grain...enough to cover front tonneau ledge. **\$11.00 each**

SUPPLIES of used front suspension parts are now available—steering knuckle/swivel pin assemblies, spacers and thrust bearings, upper and lower links, etc. All pieces will be supplied cleaned and, in some cases, rebuilt. **Please write or call with your request.**

F133 BOLT, WASHER & NUT assembly—MGA 1600 Ft. Brake disc to hub. Special length thread, grade 8 quality hex head cap screw. BMC No. BTB 145. 8 per vehicle **\$3.00 each \$20.00 for kit of 8.**

F8B 10-32 HEX NUT. (extra "thick" style—typical of many British vehicles) 5/16" on hex face. 3/16"+ long. Steel, plated **15¢ each \$12.00/100**

MGA TWIN CAM SPARES

TC-02 AIR FILTER CANISTER for TWIN CAM—exact reproduction of later style beefed up units supplied powder paint coated black and assembled with correct hardware. Filter elements not included. 2 per vehicle. **ONLY 30 REMAIN**
 Supplies are limited. **SOLD OUT**

TC-07 BRACKET for mounting TWIN CAM cooling system overflow valve. Supplied plated. Supplies limited. **\$15.00 each.**

TC-08 RUBBER SEAL—TWIN CAM heater valve to adapter. One per vehicle. **\$1.50 each.**

TC-11 SCREWS for front louvered panels to wheel arch panel. 14 pc. kit. **\$1.75**

TC-20 BRACKET/PLATE—for carb. Overflow pipes. Two per vehicle. (BMC No. AED240) **\$2.25 each***

TC-21 GROMMET—for TC-20 plate. (BMC No. 11B424) **75¢ each**

TC-22 BRACKET— Bypass pipe. (BMC No. AEH492). **\$14.00**

TC-23 CLIP (attaches to TC-22). (BMC No. PCR 1009) 1 used **\$1.25 each***

TC-24 CLIP—for water pipe. (BMC No. BHA4090) 2 used. **\$1.25 each***

*** clips now included in M37E TWIN CAM CLIP SET \$50.00**

TC-26 CLIP—Ign. Cables (BMC No. AEH627) 2 used **\$14.00 each**

P39 PVC TUBING Fresh supplies of soft, flexible non-shrink, thin wall, black plastic tubing are now available.

This material is used to shroud lamp wiring and harness sections and is typically found on most British vehicles. 7/16" I.D. / .020" wall. MGAs use 12 ft.

\$9.00 kit
80¢ per ft. under 10 ft
65¢ per ft. over 25 ft.

PUT THE LUCAS EYE BACK ON YOUR CLASSIC BRITISH CAR!

More supplies of these authentic top quality 7" (75/50 watt) sealed beam lamps have been located—all are made for RHD/LH traffic. This is all we have been able to secure. Many customers are using them for show purposes only so the direction of the low beam does not matter!
